Medicare Coverage Information

Medicare is a federal program that provides health insurance coverage to the following types of people:

- Individuals over age 65 with a work history
- Individuals with certain disabilities who have been disabled for at least 2 years
- Individuals diagnosed with end-stage renal disease (ESRD)

While Medicare covers many healthcare needs, it may not cover all of the patient's healthcare costs. The patient may have to pay a monthly premium for Medicare and then pay a coinsurance and deductible for many services.

You can check your regional Medicare Administrative Contractor (MAC) website for coverage policies for SUSTOL or call SUSTOL Connect™ at 1-855-SUSTOL-6 (1-855-787-8656) from 8 AM to 8 PM ET, Monday through Friday, if you need additional assistance or information on how to access SUSTOL.

To learn more about the different parts of Medicare, you can call the Medicare program at 1-800-MEDICARE (1-800-633-4227) or visit Medicare.gov.
